

PRABAL BARAHI

Bachelor of Electrical Engineering

Lalitpur, Nepal | +977-9841200031 | prabalbarahi005@gmail.com | [linkedin.com/in/prabalbarahi](https://www.linkedin.com/in/prabalbarahi)

Career Objective

Motivated Electrical Engineering graduate with interests in electrical systems, programming, and software development. Seeking an opportunity to apply my technical knowledge, strengthen my practical engineering skills, and grow through collaboration on real-world projects.

Education

Bachelor of Engineering (B.E.) in Electrical Engineering

Institute of Engineering (IOE), Pulchowk Campus, Tribhuvan University

Completed Final Semester Examination (2083 Baisakh); Final Result Awaiting

Academic Projects

Power Quality Improvement in Isolated AC Microgrids using Spiking Neural Networks for Selective Harmonic Compensation

- Designed and simulated an SNN-based harmonic compensation system using MATLAB/Simulink.
- Core researcher in a four-member team; implemented simulations and contributed to project documentation

Illumination and Power Distribution Design of a commercial mall

- Designed lighting and power layouts of Admin Plaza using AutoCAD.
- Performed load estimation, cable sizing, MCB selection, distribution board and transformer sizing.

Skills

- Electrical Power Distribution, Lighting Layout Design, Load Calculation, Cable Sizing, Circuit Protection
- AutoCAD (Intermediate), MATLAB/Simulink (Intermediate), Python (Intermediate), Proteus (Beginner)
- MS Excel, Word, PowerPoint; C, C++, Arduino
- Problem Solving, Attention to Detail, Technical Documentation, Adaptability, Time Management, Quick Learner, Team Collaboration

Leadership Experience

Aash Group — Vice Chairperson & Advisor

- Co-founded and helped manage a youth-led NGO; coordinated volunteers, activities, and organizational initiatives during 3 years of service.
